[Lighting Solutions - Light is OSRAM](#)

Because of the conversion to LED, a different light image is created. In rare cases residents are feeling disturbed by the new lighting installation. Municipalities that want to have a similar light image can use LED lamps with amber-colored light as it works a good alternative to the sodium-vapor high-low-pressure lamps.

[Frequently Asked Questions Light-O-Rama](#)

Using Light-O-Rama software, a file called a sequence is created. A sequence is a series of steps that the lights will follow. For example, a sequence could be as simple as a loop where a light is on for one second then off for one second.

I will group each item in different groups, the group is the second byte. For example, a dagger belongs to group 00, so the hex value would be 0300. It is actually item number 0003, but most games tend to reverse these numbers. GROUP 00 ----- 00 - empty 01 - knife 02 - short dagger 03 - dagger 04 - large dagger 05 - short-sword 06 - sword 07 - two-hander 08 - Lugh's dagger 09 - Danu's light 0A

I'd like to know if it is okay to use a different power charger for my netbook. Originally, the charger specs are 19v and 1.58A. This charger is not available anymore and I can only find a 19v and 2.15A.

[**Night light setting - Microsoft Community**](#)

Night light setting Hi, does anyone else have this issue? I can't change the scheduled on/off times for the night light setting on my PC. I'm running the latest version (1803) of Windows 10. I get the drop down menu but each time I either click on a different hour, or the arrows top & bottom, it just closes the window & stays at the previously set time. I do not have it set to automatically.
