Finally, A Republic, Not an Empire was written to introduce America's young to another view of America's past than the one they learn in school, so that they might separate true history from propaganda and true heroes and patriots from the reigning myths and legends they have been taught to revere and idolize. I hope you enjoy the book.

–A Republic, Not an Empire: Reclaiming America's Destiny– is antidote to the policies of imperial empire-builders. Buchanan offers a sobering reassessment of our present foreign policy and its mindless interventionism in the name of empire. He does so in light of history. At the onset, he critiques some of our more recent interventions overseas. He offers some future war scenarios, which are eerily prophetic in light of the post-9/11 world. To give a backdrop to his thesis, he offers an

A Republic, Not An Empire is a genuinely important book. Although Buchanan has gained greatest attention for his economic nationalism, he is probably America's most visible proponent of a more noninterventionist foreign policy. In this book, the author presents his vision of a foreign policy fit for a constitutional republic.

As for evoking notions of "empire", that certainly didn't apply to Jefferson's ideals at the time DC was being designed; he envisioned a bucolic and isolationist nation of farmers. He changed his tune a little bit with the Louisiana Purchase, but still, that was a consensual land deal with Napoleon, not an attempt to create an empire. Manifest Destiny and all that was still a few presidents away.
