### [Generating Social Stratification: Toward a New Research ...](#)

Some leading students of social stratification in the United States present empirical and theoretical essays about the institutional contexts that shape careers. These 15 essays work toward the goal of identifying and assessing the processes by which a birth cohort is distributed in the stratification system, given its position of origin in that system. The papers of Part I suggest the broad conceptualization of social stratification that will be needed for the new generation of research in
