[Presence vs Present - What's the difference? | WikiDiff](#)

Presence is a related term of present. As nouns the difference between presence and present is that presence is the fact or condition of being present, or of being within sight or call, or at hand while present is the current moment or period of time or present can be a gift, especially one given for birthdays, christmas, anniversaries

[Presence and the Present Moment American Institute of...](#)

True meditation requires not dwelling in the changing present moment, but dwelling in unchanging presence. Presence is Being, which is in all things, in all time and beyond, in all our states of waking, dream and deep sleep, birth, death and beyond, not just in the images that our senses provide us.

[Loving the Presence in the Present Center for Action and ...](#)
