Medieval literature is separated from us by so many centuries that it may seem completely foreign, both in its concerns and its techniques. However, this literature has much to say to 21st century readers and Steinberg's book demonstrates its continuing relevance and appeal. This introduction to medieval literature provides some of the cultural context that readers need to know in order to understand the literature, such as the religious orientation of the people, often deep and sincere.

This introduction to medieval literature provides a cultural context that readers need—for example about the religious orientation of the people, often deep and sincere but sometimes treated casually or subjected to intense scrutiny. The first chapter provides an explanation of medieval religious thought, cosmology and intellectual history. The remaining chapters provide

The Reading through Looking sections, designed to
showcase how historians study medieval material culture,
are expanded and reorganized with a special focus on
material objects and weapons and warfare in the Middle
Ages. The stunning color insert has been updated, several
new maps have been produced, and a new genealogy on
the Islamic world has been included.
