Author Information BERNARD BOAR is Vice President
for Strategic Solutions at RCG Information Technology
where he implements and teaches the strategy discussed in
his books. A frequent speaker at conferences and lectures,
he consults about his methodology all over the world.

[What is IT strategic plan \(information technology ...](#)

An information technology strategic plan is a document
that details the comprehensive technology-enabled
business management processes an organization uses to
guide operations. It serves as a guide to IT-related decision
making, with IT tasks prioritized and implemented using
the plan as a framework .
