## [10 Predictions About the Future That Should Scare the Hell ...](#)

The future looks bright, except when it doesn't. Here are 10 exceptionally regrettable developments we can expect in the coming decades. Listed in no particular order. Earlier this year, Oxford

## [The Future of Everything: The Science of Prediction by ...](#)

The Future of Everything has 95 ratings and 17 reviews. Steven said: As the subtitle says, this is a book about the science of prediction. Very little of Steven said: As the subude says, this is a book about the science of prediction.

## [The Future of Everything: The Science of Prediction ...](#)

In The Future of Everything, David Orrell looks back at the history of forecasting, from the time of the oracle at Delphi to the rise of astrology to the advent of the TV weather report, showing us how scientists (and some charlatans) predicted the future. How can today's scientists claim to anticipate future weather events when even three-day forecasts prove a serious challenge? How can we
