[The Unsettling of America: Culture & Agriculture - Wendell ...](#)

The Unsettling of America: Culture and Agriculture is a springboard for contemporary environmental concerns. In his life as well as his art, Berry has advocated a responsible, contextual relationship with individuals in a local, agrarian economy.

[The Unsettling of America: Culture & Agriculture | Shiksbantar](#)

Just finished reading *The Unsettling of America, Culture and Agriculture* by Wendell Berry. His writings make so much sense as to make a complete mockery of what commercial agriculture has become in our modern age.

that all environmentally minded people should read. Berry provides an excellent starting point for thinking about where culture and the environment intersect, as it occurs much more often than people might believe. Exploring the agricultural and environmental crises through a cultural lens is the only way we can ever hope to tackle

[The Unsettling of America: Culture and Agriculture by ...](#)

While it seems at first that The Unsettling of America is a book about the decline, disintegration, and isolation of agriculture and its relationship to culture, it is actually a book about decline, disintegration, and isolation of many things. It is about the breakdown of agriculture and its estrangement from culture, the disbandment of
