Over the course of subsequent years these modules were
periodically updated by a succession of students in a
graduate seminar on the history of theory in cultural
anthropology; the last updates were posted in 2012.

[A short history of economic anthropology The Memory Bank](#)

Economic anthropology is the product of a juxtaposition of
two academic disciplines in the twentieth century. It would
be wrong to speak of the relationship between economics
and anthropology as a dialogue.

[Economic Anthropology | Encyclopedia.com](#)

The challenge and potential of economic anthropology is
the fashioning of a theory encompassing both economic
and noneconomic variables in a single explanatory system.
It may then provide a framework for a truly comparative
study of the form, function, and dynamics of economic
systems.
