[War, the State and International Law in Seventeenth ...](#)  
Alongside the emergence of "modern" international law, the equation of international relations with the state of nature, and the development of the "balance of power", diplomatic procedures and commercial customs arose which shaped the emerging (and current) international system of states. Employing a multidisciplinary approach to address these issues, this volume brings together political

[War, the State and International Law in Seventeenth ...](#)

One of the great paradoxes of post-medieval Europe, is why instead of bringing peace to a disorganized and violent world, modernity instead produced a seemingly endless string of conflicts and social upheavals.
